COVID-19 EDUCATION

In an effort to increase awareness and decrease transmission among athletic organizations, USCAH has added COVID-19-specific Electronic Learning Modules (ELMs) to their already extensive library of ELM's covering current concepts for Return to Campus post COVID-19.

With access to the COVID-19 learning modules, you will:

- Provide education to specific groups returning to campus: administrators, coaches, support staff, student-athletes, and the general student body.
- Receive a quick and easy to digest education module offering fundamental COVID-19 precautions.
- Complete an assessment to ensure COVID-19 competence.
- Print a completion certificate verifying comprehension of COVID-19 and related return to campus topics.

EXPERT SUPPORT & CONSULTATION

USCAH experts bring 200+ years of experience to offer consultative services and support for your institution needs. Collaborative experts provide consultation for return to campus plans, policies, and procedures.

The support you need. The guidance you want.

Education • Compliance • Transparency • Consistency

GAME DAY READY APP

Ensure you are addressing your liability concerns post COVID-19 with the ability to screen your athletes, staff, and fans each day, from the convenience of a phone.

The Game Day Ready App provides your institution the ability to screen every individual involved in your athletic department with daily screening at your fingertips. USCAH has crafted a quick and convenient way for individuals to complete a self-assessment electronically. Game Day Ready—a simple measure aimed at ensuring staff, coaches, and athletes are safe and healthy. With the touch of a button, an administrator can ensure all participants have completed the assessment and are cleared for the daily activities and events.

EDUCATE YOUR STAFF & ATHLETES NOW

At this time USCAH is offering athletic organization's access to the COVID-19 modules for only \$2.00 per user or \$750.00 per organization for unlimited users.
